4 New Features:

4.1 CYBER Intensive Mobile Treatment Service (IMTS) – Phase 1 System Scope

The following items will be updated in this release:

- A new provider specialty – IMTS will be added for non-Medicaid Provider Types - IDD in the system.
- IMTS will be available for selection on CSOC Providers and Non Med Providers tabs under Provider Details.
- Intensive Mobile Treatment Service Document type and IMTS Interventionist Document subtype will be added to the system.
- IMTS-CABS and IMTS Referral Checklist/Form document subtypes will be added to the system under Clinical document type.
- New Notation Type “IMTS Activity” will be added to the system.
- A new service code CSA53 will be added to the system.
- The system will create tracking elements for the IMTS providers.
- CSA will be able to create IMTS tracking elements on the Security tab.
- The system will create an Episode on the Episodes tab when the CSA creates a tracking element.
- Treatment Plans with CSA53 Service Code requests will be routed to Plan Approval screen for CSA review.

4.2 Assumptions

- CSOC will send the Provider Modification Form to set up the new provider type IMTS as a wrap flex provider in CYBER.
- The functionality to create and/or view Progress Notes remains unchanged.
- The functionality to create, save a draft progress note, and delete “Draft” progress note remains unchanged.

- Filter Progress Notes screen remains unchanged.
- Progress Note grid remains unchanged.
- The functionality to view Historical Progress Notes remains unchanged.
- The functionality to upload specific document types and subtypes remains unchanged.
- The current functionality for Search, Clear Search, Print and GeoMap on CSOC Providers tab and on Non Med Providers tab remains unchanged.
- The current functionality to add and edit a tracking element remains unchanged.
- The current functionality to add episode, reset and cancel on the Add/Edit Episode Record popup screen remains unchanged.
- The functionality to automatically prepopulate CIMID, PGM Indicator, Agency Name, PGM Name and Program Type in Add/Edit Episode Record pop-up screen remains unchanged.
- The functionality to approve Treatment Plans remains unchanged.
