## 4 Enhancements

The following enhancements were implemented and have been included in this release.

<b>FogBugz #/ Work Order #</b>	<b>Description</b>
FB 22166 FB 22178 FB 22181 WO 191036 WO 191355	Request: Change OOH Assessments that were approved before the CANS release (1.38.0.0) to no longer be displayed in the print view. This will allow the referrals to be assigned to providers on Youth Link and will allow the providers to admit these youth. Enhancement: OOH Assessments that were approved before the CANS release (1.38.0.0) are no longer automatically displayed in the print view. The referrals can be assigned to providers on Youth Link and the providers are able to admit these youth. The referrals are now displayed with the new OOH Assessment text changes.

## 5 Defect Fixes

The following items were fixed and have been included in this release.

<b>FogBugz #/ Work Order #</b>	<b>Description</b>
FB 22143	Issue: Users were not able to open legacy triages. Fix: Users are now able to open legacy triages.
FB 22145 WO 190944 WO 190946	Issue: OOH and Needs Assessments that were submitted but not yet reviewed at the time of the CANS release were opening in the print view. Fix: OOH and Needs Assessments that were submitted but not yet reviewed at the time of the CANS release are no longer opening in the print view.
FB 22148	Issue: In the Rated Question Summary for the CAT, the header for the Parenting Module was showing as "PARENT HDR ID". Fix: In the Rated Question Summary for the CAT, the header for the Parenting Module has been changed to "PARENTING MODULE".
FB 22149 FB 22150 WO 191266	Issue: Users were unable to complete multiple fields within "In Progress" BHH Nursing Assessments. Fix: Users are now able to complete the appropriate fields within "In Progress" BHH Nursing Assessments.
FB 22151 FB 22164 WO 190993 WO 191210 WO 191392	Issue: Users were unable to submit BHH Nursing Assessments because the validations for required fields were not working correctly. Fix: Users are now able to submit BHH Nursing Assessments because the validations for required fields are working correctly.
FB 22152 WO 191037	Issue: A CRI user was not able to view an MRSS treatment plan that they should have access to via historical access. Fix: The CRI user is now able to view the MRSS treatment plans that they should have access to via historical access.
FB 22154 WO 191005	Issue: Users with access to FSS Applications were unable to open them from the Forms grid in the youth's record. Fix: Users with access to FSS Applications are now able to open them from the Forms grid in the youth's record.
FB 22155 WO 190960	Issue: User was unable to view plans or assessments in UM Forms association window if the plan or assessment had been returned. Fix: Returned plans and assessments are now visible to be associated to a UM form.
FB 22156 WO 190991	Issue: When a DD Eligibility Review form was opened, the DD Eligibility Review tab was blank. Fix: When a DD Eligibility Review form is opened, the DD Eligibility Review tab is no longer blank.
FB 22158 WO 190971	Issue: Users were unable to associate treatment plans and assessments to UM forms. Fix: Users are now able to associate treatment plans and assessments to UM forms.
FB 22159	Issue: When an OOH Assessment was printed, the user was unable to go back to the normal CYBER view of the assessment.

FogBugz #/ Work Order #	Description
	Fix: When an OOH Assessment is printed, the user is now able to go back to the normal CYBER view of the assessment.
FB 22162 WO 191098	Issue: A CRI user was unable to associate a new CAT to their MRSS treatment plan. The treatment plan had been returned and an old CAT was already associated to it. Fix: The CRI user is now able to associate the new CAT to their returned MRSS treatment plan.
FB 22167 WO 191162	Issue: When the Spell Check functionality was used, the background behind the Spell Check window became dark and prevented the user from seeing the youth's information. Fix: When the Spell Check functionality is used, the background behind the Spell Check window no longer becomes dark and prevents the user from seeing the youth's information.
FB 22175 WO 191208	Issue: SAB users were not able to open LOCI forms that were "In Progress" or submitted. They were also not able to associate LOCI forms to "SAB Service Extension Request" treatment plans. Fix: SAB users are now able to open all LOCI forms that they have access to. They are also now able to associate LOCI forms to "SAB Service Extension Request" treatment plans.
FB 22177	Issue: The help text for "JUDGMENT" in the Child Risk Behaviors tab of the SNA, CAT and BPS Assessment contained symbols that did not belong. Fix: The help text for "JUDGMENT" in the Child Risk Behaviors tab of the SNA, CAT and BPS Assessment no longer contains symbols that do not belong.
FB 22182	Issue: On the OOH Specific Functions screen for CSA and EXE users, the "Referral Status" column was showing the long description of the referral status. Fix: On the OOH Specific Functions screen for CSA and EXE users, the "Referral Status" column is now showing the short description of the referral status.
