Release Notes

CYBER Release 2.0.0.10
HTML5 Hotfix/Maintenance Release

TABLE OF CONTENTS

1   Release Information

Item	Description
Initial Draft Date	May 10, 2024
Revised/Final Date	May 13, 2024
UAT Release Date	May 8, 2024
Production Release Date	May 11, 2024
Application	CYBER
Version	2.0.0.10

2   Overview

This document provides the information related to the implementation of the 2.0.0.10 HTML5 Hotfix/Maintenance Release.

3   Definitions and Acronyms

Acronym / Term	Definition
AAA	Annex A Addendum
BHH	Behavioral Health Home
CAT	Crisis Assessment Tool
CFT	Child Family Team
CMO	Care Management Organization
CSA	Contracted System Administrator
CSOC	NJ Children's System of Care
FSS	Family Support Services
HTML	Hypertext Markup Language
I/DD	Intellectually/Developmentally Disabled
ISP	Individual Service Plan
MRSS	Mobile Response and Stabilization Services
QPU	Quarterly Progress Update
SNA	Strengths and Needs Assessment

5   New Features

CYBER HTML5 Hotfix/Maintenance Release 2.0.0.10 includes bug fixes and performance optimization fixes for Care Management Organizations (CMO) treatment plans, Mobile Response and Stabilization Services (MRSS) treatment plans, Strengths and Needs Assessment (SNA) and Crisis Assessment Tool (CAT).

6   Defect Fixes

The following items were fixed and have been included in this release.

Ticket ID/ALM	Description
Ticket ID 197350/ALM 34789	**Reported Issue:** Behavioral Health Home (BHH) users reported that they are not able to view the BHH progress notes. **Status**: Defect fixed; stored procedure was modified to address the view functionality of BHH progress notes. **Expected Outcome:** BHH users will be able to view the BHH progress notes.
Ticket ID 193855/ALM 34777	**Reported Issue:** Family Support Services (FSS) users reported that they are not able to submit FSS reauthorizations; submit button is greyed out. **Status:** Defect fixed; the code was modified to address the FSS reauthorization issues. **Expected Outcome:** FSS users will be able to reauthorize FSS services.
Ticket ID 198650/ALM 34768	**Reported Issue:** Contracted System Administrator (CSA) users reported that CYBER doesn't display submitted documents for the Developmentally Disabled (DD) Eligibility applications. **Status:** Defect fixed; the stored procedure was modified to display submitted documents for DD Eligibility application. **Expected Outcome:** CSA users will be able to view attached documents for DD Eligibility applications.
Ticket ID 198819/ALM 34781	**Reported Issue:** CSA users reported that FSS application wasn't saving information entered in Financial tab. **Status:** Defect fixed; the code was modified to fix save functionality in Financial tab of FSS application. **Expected Outcome:** CSA users will be able to save the information in Financial tab of FSS application.
ALM 34790	**Reported Issue:** Users are not able to add more than one record in Supports tab of youth's Face Sheet. This issue impacts all the CYBER users. **Status:** Defect fixed; the code was modified to address the issues in Supports tab of youth's Face Sheet. **Expected Outcome:** Users will be able to add more than one record in Supports tab of youth's Face Sheet.

Ticket ID/ALM	Description
Ticket ID 190243/ALM 34261	**Reported Issue:** Mobile Response and Stabilization Services (MRSS) users reported that they are not able to save data in the Notepad tab of their treatment plans and submit the CAT assessment. Validations are triggered to enter comments when the user selects "0" for ratings. This issue has been happening due to performance of the application and affects all MRSS users and their treatment plans. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** MRSS users will be able to save the data entered in the Notepad tab of their treatment plans and submit the CAT assessment.
Ticket ID 190517/ALM 34284	**Reported Issue:** MRSS users reported that they are not able to save or submit the CAT assessment. This issue has been happening due to performance of the application and affects all MRSS users and CAT assessments. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** MRSS users will be able to submit the CAT assessment.
Ticket ID 190487/ALM 34294	**Reported Issue:** MRSS users reported that they are not able to save the CAT assessment and treatment plans. Also, they are not able to request services on their treatment plans because the data in the Service Request tab of their treatment plans is not auto populating. This issue has been happening due to performance of the application and affects all MRSS users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** MRSS users will be able to add service request and submit their treatment plans and CAT assessments.
Ticket ID 190883/ ALM 34316	**Reported Issue:** MRSS users are not able to submit the CAT assessment due to incorrect validations. Validations are triggered to enter comments when the user selects zero for ratings. **Status:** Defect fixed; the code was modified to address validation issues. **Expected Outcome:** The validation message for zero ratings will not be displayed and MRSS users will be able to submit the CAT assessment.

Ticket ID/ALM	Description
Ticket ID 190650/ALM 34341, Ticket ID 190782/ALM 34375	**Reported Issue:** MRSS users are not able to submit the CAT assessment due to incorrect validations. The system displays validation message and does not allow the user to submit CAT assessment even though the user entered required information. This issue has been happening due to performance of the application and affects all MRSS users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** MRSS users will be able to submit the CAT assessment.
Ticket ID 190649/ALM 34342, Ticket ID 190637/ALM 34407	**Reported Issue:** MRSS users reported that they are not able to save and submit the CAT assessment. This issue has been happening due to performance of the application and affects all MRSS users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Result:** MRSS users will be able to save and submit the CAT assessment.
Ticket ID 191519/ALM 34469	**Reported Issue:** MRSS users are not able to submit the CAT assessments due to incorrect validations. The system displays validation message even though user entered the required information. In addition, the incorrect validation displays for comments on scores of zero. **Status:** Defect fixed; the code was modified to fix the validations within the CAT assessment. **Expected Result:** MRSS users will be able to submit the CAT assessment.
Ticket ID 192210/ALM 34674	**Reported Issue:** MRSS users are not able to submit treatment plans and CAT assessment. **Status:** Defect fixed; the stored procedure was modified to address the issues in MRSS treatment plans and CAT assessment. **Expected Outcome:** MRSS users will be able to submit treatment plans and CAT assessment.
Ticket ID 196712/ALM 34678	**Reported Issue:** MRSS users reported that they are not able to submit the CAT assessment due to incorrect validations. The incorrect validation displays for comments on scores of zero. **Status:** Defect fixed; the code was modified to fix the validations within the CAT assessment.

Ticket ID/ALM	Description
	Expected Result: MRSS users will be able to submit the CAT assessment.
Ticket ID 190918/ALM 34313	**Reported Issue:** Care Management Organization (CMO) users reported that they are not able to submit the Strengths and Needs Assessment (SNA) as the Submit button is grayed out. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to submit the SNA.
Ticket ID 190894/ALM 34315	**Reported Issue:** CMO users reported that they are not able to submit the Initial Individual Service Plan (ISP) and SNA. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to submit the Initial ISP and SNA.
Ticket ID 190806/ALM 34324	**Reported Issue:** CMO users reported that they are not able to see records displayed in My Active Youth screen. In addition, CMO users are not able to submit the SNA and Individual Service Plan (ISP). This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to submit their treatment plans and SNA.
Ticket ID 190771/ALM 34329	**Reported Issue:** CMO users reported that SNA does not display Readiness for Adulthood module. **Status:** Defect fixed; the code was modified to display the Readiness for Adulthood module for youth ages 14 and older. **Expected Outcome:** The SNA will display Readiness for Adulthood module for youth ages 14 and older.

Ticket ID/ALM	Description
Ticket ID 190740/ALM 34335	**Reported Issue:** CMO users reported that they are not able to submit the SNA. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to submit the SNA.
Ticket ID 190627/ALM 34376	**Reported Issue:** CMO users reported that they are not able to transfer SNA to other users within their agency. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to transfer SNA assessments within their agency.
Ticket ID 192874/ALM 34446	**Reported Issue:** CMO users are not able to submit the SNA due to incorrect validations. The system displays validation message even though the user entered required information in Substance Abuse module. **Status:** Defect resolved; the code was modified to fix the validations for SNA. **Expected Outcome:** CMO users will be able to submit SNA.
Ticket ID 192872/ALM 34447	**Reported Issue:** CMO reported when they open submitted SNA the Demographics tab is blank. **Status:** Defect resolved; code was modified to display information in SNA Demographics tab. **Expected Outcome:** CMO users will be able to view Demographics data in submitted SNA.
Ticket ID 191599/ALM 34486	**Reported Issue:** CMO users reported that the values entered in SNA assessment are not saved when they submit the assessment. This issue has been happening due to performance of the application and affects all CMO users. **Status**: Defect fixed; the code was modified to improve the performance of the application. **Expected Result:** CMO users will be able to submit SNA.
Ticket ID 190423/ALM 34346	**Reported Issue:** MRSS users reported that they are not able to submit CAT assessments and treatment plans. This issue has been happening due to performance of the application and affects all

Ticket ID/ALM	Description
	MRSS users. **Status:** Defect fixed; the code was modified to improve the application performance. **Expected Outcome:** MRSS users will be able to submit the CAT assessment and treatment plans.
Ticket ID 191553/ALM 34540	**Reported Issue:** MRSS users reported that they are not able to submit transition plan. System displays incorrect validations for transition date. This issue has been happening due to performance of the application and affects all MRSS users. **Status:** Defect fixed; the code was modified to improve the application performance. **Expected Outcome:** MRSS users will be able to submit transition plan.
Ticket ID 190855/ALM 34320	**Reported Issue:** BHH users reported that they are not able to copy goals in BHH Quarterly Progress Update (QPU) assessment. This issue has been happening due to performance of the application and affects all BHH users. **Status:** Defect fixed; the code was modified to improve the application performance. **Expected Outcome:** BHH users will be able to copy goals**.
Ticket ID 190829/ALM 34353	**Reported Issue:** CMO users reported that they are not able to submit the CMO-Comprehensive Review 90 Days treatment plan – they are not able to modify Child Family Team (CFT) date and SNA is not associated. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to submit CMO-Comprehensive Review 90 Days treatment plan.
Ticket ID 191055/ALM 34377	**Reported Issue:** CMO users reported that SNA assessment doesn't' associate with their treatment plans. In addition, the system does not display treatment plans that were transferred within agency in the Plan Approval screen or within youth's record. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** SNA will be auto associated with CMO

Ticket ID/ALM	Description
	treatment plans. CMO users will be able to transfer treatment plans within their agency.
Ticket ID 191056/ALM 34378	**Reported Issue:** CMO users reported that SNA assessment doesn't' associate with their treatment plans. In addition, the system overwrites Submitted to CSA date with incorrect date. **Status:** Defect fixed; the code was modified. **Expected Outcome:** SNA will be auto associated with CMO treatment plans. Submitted to CSA date will not be overwritten. CMO users will be able to submit their treatment plans.
Ticket ID 191760/ALM 34416	**Reported Issue:** CMO users reported that they are not able to save data in CMO treatment plans. Also, they are not able to view treatment plan review history. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to save and submit their treatment plans.
Ticket ID 199817/ALM 34802	**Reported Issue:** MRSS users reported that data entered in the Youth Vision /Family Vision tab of their treatment plans is not saved. This issue has been happening due to performance of the application and affects all MRSS users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** MRSS Users will be able to submit their treatment plans.
Ticket ID 194710/ALM 34551	**Reported Issue:** CMO users reported that they are not able to enter data in the Notepad tab of their treatment plans. Even though they enter notes in the Notepad tab, validation message displays asking them to enter data. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans. **Status:** Defect fixed; the code was modified to address validation issues. **Expected Outcome:** Validation will not be displayed when CMO users enter data in the Notepad tab.
Ticket ID 194709/ALM 34552	**Reported Issue:** CMO users reported that they are not able to request services on their treatment plans because Service Code dropdown list is blank. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans.

Ticket ID/ALM	Description
	Status: Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome**: CMO users will be able to add service request and submit their treatment plans.
Ticket ID 195049/ALM 34578	**Reported Issue:** CMO users reported that incorrect validation message is displayed asking user to enter data even though in the data is entered in the Needs tab of their treatment plans. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** Validation will not be displayed when CMO users enter data in the Needs tab. CMO users will be able to submit their treatment plans.
Ticket ID 194985/ALM 34534	**Reported Issue:** CMO users reported that they are not able to submit the ISP. The system displays warning message regarding the retro-active authorization and directs user to enter authorization details in the Notepad section. Validation does not clear out when the authorization details are entered. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to submit their treatment plans.
ALM 33582	**Reported Issue:** When the users runs Compare Annex A Addendum report, the date for Approved Annex A Addendum is displayed as 1/1/1900. **Status:** Defect fixed; the code was modified to display the correct date on Approved Annex A. **Expected Outcome:** The correct date is displayed on Approved Annex A report when the user compares Annex A Addendums.
ALM 34805	**Reported Issue:** CMO users reported that they are not able to associate need to the strategy in Service Change treatment plan. **Status:** Defect fixed; the code was modified to associate need to the strategy. **Expected Outcome:** The users are able to associate need to the strategy and submit Service Change treatment plan.

Ticket ID/ALM	Description
ALM 34805	**Reported Issue:** CMO users reported that the end dates not saving in ISP plan. **Status:** Defect fixed; the code was modified to save end dates. **Expected Outcome:** The users are able to save the end date and submit ISP plan.

7   Change Log

Version Number	Item(s) Changed	Description of Change	Requested By	Date of Change
V1.0		Submitted to CSOC for sign off		05/13/2024
