5   New Features

CYBER HTML5 Maintenance Release 2.0.0.12 includes bug fixes and performance optimization fixes for Out of Home (OOH) treatment plans, Biopsychosocial (BPS) assessment, 3560 application, Triage, Developmentally Disabled (DD) Eligibility Application and Annex A Addendum (AAA).

6   Defect Fixes

The following items were fixed and have been included in this release.

Ticket ID/ALM	Description
ALM 34915	**Reported Issue:** Contracted System Administrator (CSA) users reported that Special Program Code (SPC) 37 checkbox is not functioning in 3560 application. The application doesn't save value when user selects SPC 37 checkbox. **Status**: Defect fixed; stored procedure was modified to address save functionality. **Expected Outcome:** CSA users will be able to select SPC 37 checkbox and submit 3560 applications.
ALM 34788	**Reported Issue:** Family Support Services (FSS) users reported that authorizations are generated with invalid start and end dates (1/1/1900 date displayed) when they reauthorize the youth records. **Status:** Defect fixed; the stored procedure was modified to generate the authorization during FSS reauthorization. **Expected Outcome:** FSS users will be able to reauthorize the youth and authorizations will be generated with the correct start and end dates.
ALM 34893	**Reported Issue:** CSA Users reported that multiple OOH referrals are posted for the same youth on the Youth Link. **Status:** Defect fixed; the code was modified to post one OOH referral for the youth on the Youth Link. **Expected Outcome:** One OOH referral will be posted for the youth on the Youth Link.
ALM 34798	**Reported Issue:** CSA users reported that CYBER doesn't display submitted documents with the document type "fax" in the Document Management grid in DD Eligibility Review tab for the Developmentally Disabled (DD) Eligibility applications. **Status:** Defect fixed; the stored procedure was modified to allow CYBER to display submitted documents. **Expected Outcome:** CSA users will be able to view and open the documents with the document type "fax" for the DD Eligibility applications.
ALM 34892	**Reported Issue:** Ocean county is missing under Counties Served section in FSS Provider Information File (PIF). **Status:** Defect fixed; the stored procedure was modified to display Ocean County in FSS PIF. **Expected Outcome:** Ocean County will be displayed under Counties Served section in FSS PIF.

Ticket ID/ALM	Description
ALM 34240	**Reported Issue:** CSA users reported that they were not able to return the Biopsychosocial (BPS) assessments to original users. **Status:** Defect fixed; the code was modified to return the BPS assessment to users. **Expected Outcome:** CSA users will be able to return BPS assessments to users.
ALM 34942	**Reported Issue:** Care Management Organization (CMO) users reported that they are not able to add a new person with special characters in either first or last name fields in Strengths tab of their treatment plans. **Status:** Defect fixed; the code was modified to address the issues in Strengths tab. **Expected Outcome:** CMO users will be able to add a new person with special characters in Strengths tab and submit treatment plans.
Ticket ID 200380 /ALM 34923 Ticket ID 194191 /ALM 34929 Ticket ID 194307 /ALM 34930	**Reported Issue:** Out of Home (OOH) users reported that they are not able to add or modify strength records in the Strengths tab of their treatment plans. This issue has been happening due to performance of the application and affects all OOH users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** OOH users will be able to add or modify strength records in the Strengths tab and submit their treatment plans.
Ticket ID 195898/ALM 34917	**Reported Issue:** Intensive In Home (IIC) users reported that they are not able to submit BPS assessments - submit button is greyed out. This issue has been happening due to performance of the application and affects all IIC users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** IIC users will be able to submit the BPS assessment.
Ticket ID 195260/ALM 34918 Ticket ID 196062/ALM 34920	**Reported Issue:** IIC users reported that they are not able to save the BPS assessment. This issue has been happening due to performance of the application and affects all IIC users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** IIC users will be able to save and submit the BPS assessment.

Ticket ID/ALM	Description
ALM 34826	**Reported Issue:** CMO users reported that they are not able to copy diagnosis records after they copy previously approved plan. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to copy diagnosis and submit their treatment plans.
Ticket ID 194113/ALM 34939	**Reported Issue:** CMO users reported that they are not able to save data in their treatment plans. This issue has been happening due to performance of the application and affects all CMO users. **Status:** Defect fixed; the code was modified to improve the performance of the application. **Expected Outcome:** CMO users will be able to save and submit treatment plans.
