5   New Features

CYBER HTML5 Hotfix/Maintenance Release 2.0.0.8 includes bug fixes.

6   Defect Fixes

The following items were fixed and have been included in this release.

Ticket ID/ALM	Description
Ticket ID 191385/ALM 34391	**Reported Issue:** Care Management Organization (CMO) users reported that they cannot see Comprehensive Review 90 Days treatment plans under the youth's record when they are transferred

Ticket ID/ALM	Description
	within their agency. While treatment plans are transferred, invalid date (1/1/1900) is saved in database. Therefore, the plans are not displayed under the youth's record. **Status:** Defect fixed; the code was modified to improve application performance to address issues that providers face during transfer functionality. **Expected Outcome**: The treatment plans will be viewable to the user that the treatment plan was transferred to.
Ticket ID 191403/ALM 34471	**Reported Issue**: Mobile Response and Stabilization Services (MRSS) users reported that they are not able to enter units in Service Request tab for Intensive In-Community Services (IIC) and MRSS stabilization service codes. **Status**: Defect fixed; the stored procedure was modified. **Expected Outcome**: MRSS users will be able to enter units in Service Request tab for IIC and MRSS stabilization service codes.
Ticket ID 194655/ALM 34510	**Reported Issue**: MRSS users reported that the system displays incorrect information for the youth when they open treatment plan from the Treatment Plans grid. **Status**: Defect fixed; the code was modified. **Expected Outcome**: CYBER will display correct information for the youth when opening the treatment plan from the Treatment Plans grid.
Ticket ID 190771/ALM 34329	**Reported Issue**: CMO users reported that Strengths and Needs Assessment (SNA) does not display Readiness for Adulthood module for youth age 16 and older. **Status**: Defect fixed; the code was modified **Expected Outcome**: The SNA will display Readiness for Adulthood module for youth age 16 and older.
Ticket ID 192874/ALM 34446	**Reported Issue**: CMO users are not able to submit the SNA due to incorrect validations – the system displays validation message and does not allow the user to submit the SNA even though the user entered required information in Substance Abuse Module. **Status**: Defect resolved; the code was modified to fix the validations for Substance Abuse Module. **Expected Outcome**: CMO users will be able to submit SNA.

Ticket ID/ALM	Description
ALM 34622	**Reported Issue**: While users are adding providers to the Providers tab of the youth's Face Sheet, Program name is not displayed the Providers tab. **Status**: Defect fixed; the stored procedure was modified. **Expected Outcome**: CYBER will display the Program Name in the Providers tab of the youth's Face Sheet.
ALM 33637	**Reported Issue**: Duplicate records were displayed in the Document Management section of Developmentally Disabled (DD) Eligibility application. **Status**: Defect fixed; the code was modified. **Expected Outcome**: Duplicate records will no longer display in the Document Management section of DD Eligibility application.
ALM 34656	**Reported Issue**: MRSS users reported that they are not able to create new treatment plan even though there are no other plans with "In Progress" status. This issue impacted only specific users. **Status**: Stored procedure was modified to remove incorrect validation. **Expected Outcome**: MRSS users will be able to create treatment plans.

7   Change Log

Version Number	Item(s) Changed	Description of Change	Requested By	Date of Change
V1.0		Submitted to CSOC for sign off		04/30/2024
