## 5 New Features

CYBER HTML5 Hotfix/Maintenance Release 2.0.0.9 includes bug fixes and Phase 1 implementation of Assertive Community Treatment (ACT). Please note that additional information relating to the operational aspects of Youth ACT will be provided at a later date. The information within this document is specific to the technical aspects of this service.

### 5.1 Assertive Community Treatment Services

The following changes have been made in CYBER as a part of the implementation of Phase 1 Assertive Community Treatment Services:

- Provider Specialty Assertive Community Treatment Service will be added to the system

- under Provider Type Wrap/Flex.
- Assertive Community Treatment Service will be added to the NJ Children's System of Care (CSOC) Providers and Non Med Providers tabs under Provider Details.
- A new document subtype ACT Referral Form will be added under existing Clinical document type.
- New document type and subtypes will be added to the system for ACT services.
- New Notation Type ACT Activity will be added to the system.
- A new wrap flex service code CSA49 will be added to the system.
- The system will create ACT tracking element.
- Contracted System Administrator (CSA) will be able to create ACT tracking element.
- The system will create an episode of care on the Episodes tab when Tracking Element is added.
- Treatment plans with CSA49 service code requests will be routed to Plan Approval screen for CSA review.

## 6 Defect Fixes

The following items were fixed and have been included in this release.

Ticket ID/ALM	Description
Ticket ID 194053/ ALM 34526	<p><b>Reported Issue:</b> Mobile Response and Stabilization Services (MRSS) users reported that Need and Strategy drop down lists are populated with numeric values in Service Request tab of their treatment plans.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in Service Request tab in MRSS treatment plans.</p> <p><b>Expected Outcome:</b> MRSS users will be able to add Service Request and submit treatment plans.</p>
Ticket ID 194095/ALM 34485	<p><b>Reported Issue:</b> MRSS users reported that they are not able to request services on their treatment plans - they are not able to save service request. When they enter values for all the fields in Service Request tab and click Accept button, the record doesn't display in Service Request grid within their treatment plan.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in Service Request tab in MRSS treatment plans.</p> <p><b>Expected Outcome:</b> MRSS users will be able to add service request and submit their treatment plans.</p>
Ticket ID 193917/ALM 34480	<p><b>Reported Issue:</b> Care Management Organization (CMO) users reported that Strength and Needs Assessment (SNA) doesn't associate with their CMO-Comprehensive Review 90 Days treatment plan therefore they are not able to submit it.</p> <p><b>Status:</b> Defect fixed; the code was modified to associate SNA to CMO treatment plans.</p>

Ticket ID/ALM	Description
	<p><b>Expected Outcome:</b> SNA will be auto associated with CMO treatment plans. CMO users will be able to submit their treatment plans.</p>
Ticket ID 196481/ ALM 34679	<p><b>Reported Issue:</b> CMO users reported that they are not able to submit Strength and Needs Assessment. The Submit button is greyed out.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issue in Strength and Needs Assessment.</p> <p><b>Expected Outcome:</b> CMO users will be able to submit Strength and Needs Assessment.</p>
ALM 33390	<p><b>Reported Issue:</b> MRSS - Treatment Type drop down from CSA login should not contain any other plan types apart from what has been originally submitted.</p> <p><b>Status:</b> Defect fixed; stored procedure was modified to remove the incorrect plan types from MRSS - Treatment Type drop down for CSA users.</p> <p><b>Expected Outcome:</b> CSA users will see correct values list in MRSS - Treatment Type drop downlist when they open plan from Plan Approval screen.</p>
Ticket ID 198829/ALM 34757	<p><b>Reported Issue:</b> Contracted System Administrator (CSA) users reported that they are not able to update the existing authorization records.</p> <p><b>Status:</b> Defect fixed; the code was modified to allow CSA users to modify the existing authorization records.</p> <p><b>Expected Outcome:</b> CSA users will be able to modify the existing authorizations.</p>
Ticket ID 191068/ALM 34350	<p><b>Reported Issue:</b> MRSS users are not able to submit treatment plans and Crisis Assessment Tool (CAT) assessments.</p> <p><b>Status:</b> Defect fixed; the stored procedure was modified to address the issues in MRSS treatment plans and CAT assessments.</p> <p><b>Expected Outcome:</b> MRSS users will be able to submit treatment plans and CAT assessments.</p>
ALM 34698	<p><b>Reported Issue:</b> MRSS Family Crisis Plan (FCP) are getting auto approved when there is a service request added to the plan that requires clinical review.</p> <p><b>Status:</b> Defect fixed; the stored procedure was modified to address the issues in MRSS FCP auto approval logic.</p>

Ticket ID/ALM	Description
	<p><b>Expected Outcome:</b> MRSS Family Crisis Plans will be routed for CSA review when the plan has a service request that requires clinical review.</p>
ALM 34689	<p><b>Reported Issue:</b> MRSS Plan Level 1 users are able to submit the Initial Individual Crisis Plan to Plan Level 3 without associated CAT assessment.</p> <p><b>Status:</b> Defect fixed; the stored procedure was modified to address the issues in submitting MRSS treatment plans from Plan Level 1 to Plan Level 3.</p> <p><b>Expected Outcome:</b> MRSS users will not be able to submit Initial Individual Crisis Plan from Plan Level 1 to Plan Level 3 without associated CAT assessment.</p>
Ticket ID 190254/ ALM 34259	<p><b>Reported Issue:</b> CMO users reported that they are not able to transfer treatment plans to other users within their agency. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in transfer functionality in CMO treatment plans.</p> <p><b>Expected Outcome:</b> CMO users will be able to transfer treatment plans within their agency.</p>
Ticket ID 191022/ALM 34359	<p><b>Reported Issue:</b> CMO users reported that are not able to request services on their treatment plans - they are not able to select service code in Service Request tab of their treatment plans. When they enter provider's name, service codes are not populated in the Service Code dropdown list. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in Service Request tab in CMO treatment plans.</p> <p><b>Expected Outcome:</b> CMO users will be able to request services on their treatment plans.</p>
Ticket ID 190589/ALM 34344	<p><b>Reported Issue:</b> CMO users reported that they are not able to enter data in the Notepad tab of their treatment plans. Even though they enter notes in the Notepad tab, validation message displays asking them to enter data. This issue has been happening due to performance of the application and affects all CMO users and their treatment plans.</p> <p><b>Status:</b> Defect fixed; the code was modified to address validation issues.</p>

Ticket ID/ALM	Description
	<p><b>Expected Outcome:</b> Validation will not be displayed when CMO users attempt to enter data in the Notepad tab.</p>
Ticket ID 191403/ALM 34471	<p><b>Reported Issue:</b> MRSS users reported that they are not able to enter units in Service Request tab for Intensive In-Community Services (IIC) and MRSS stabilization service codes.</p> <p><b>Status:</b> Defect fixed; the stored procedure was modified.</p> <p><b>Expected Outcome:</b> MRSS users will be able to enter units in Service Request tab for IIC and MRSS stabilization service codes.</p>
Ticket ID 191515/ALM 34489	<p><b>Reported Issue:</b> MRSS users reported that they are not able to select Need, Strategy and Provider values in Service Request tab. This issue has been happening due to performance of the application and affects all MRSS users.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in Service Request tab in MRSS treatment plans.</p> <p><b>Expected Outcome:</b> MRSS users will be able to select Need, Strategy, Provider and Service Code while requesting services on their treatment plans.</p>
Ticket ID 193147/ALM 34587	<p><b>Reported Issue:</b> MRSS users reported that they are not able to create an Individual Crisis Plan (ICP). When they select MRSS-Initial ICP plan from the Treatment Type dropdown list, the system updates Treatment Type value to MRSS-Family Crisis Plan. This issue has been happening due to performance of the application and affects all MRSS users.</p> <p><b>Status:</b> Defect fixed; the code was modified to improve the performance of the application.</p> <p><b>Expected Result:</b> MRSS users will be able to create MRSS Initial ICP plans.</p>
Ticket ID 192179/ALM 34419	<p><b>Reported Issue:</b> MRSS users reported that they are not able to create treatment plans. They are not able to select value for Frequency field Service Request tab of their treatment plans. This issue has been happening due to performance of the application and affects all MRSS users.</p> <p><b>Status:</b> Defect fixed; the code was modified to improve the performance of the application.</p> <p><b>Expected Result:</b> MRSS users will be able to select Frequency in Service Request tab and submit their treatment plans.</p>

Ticket ID/ALM	Description
Ticket ID 191002/ALM 34361	<p><b>Reported Issue:</b> MRSS users reported that they are not able to submit an ICP treatment plan. When they search diagnosis code in Diagnosis tab, the system does not populate the search results. This issue has been happening due to performance of the application and affects all MRSS users.</p> <p><b>Status:</b> Defect fixed; the code was modified to improve the performance of the application.</p> <p><b>Expected Result:</b> MRSS users will be able to add diagnosis codes and submit treatment plans.</p>
Ticket ID 195255/ALM 34542	<p><b>Reported Issue:</b> MRSS users reported that Need and Strategy drop down lists are populated with numeric values in Service Request tab of their treatment plans.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in Service Request tab in MRSS treatment plans.</p> <p><b>Expected Outcome:</b> MRSS users will be able to add service request and submit treatment plans.</p>
Ticket ID 190789/ALM 34352	<p><b>Reported Issue:</b> CMO users reported that Service Code field is not populated with values in Service Request tab of their treatment plans. This issue has been happening due to performance of the application and affects all CMO users.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in Service Request tab in CMO treatment plans.</p> <p><b>Expected Outcome:</b> CMO users will be able to add service request and submit treatment plans.</p>
Ticket ID 191543/ALM 34402	<p><b>Reported Issue:</b> CMO users reported that they are not able to submit their treatment plans. Application was not saving information that the users entered in treatment plans. This issue has been happening due to performance of the application and affects all CMO users.</p> <p><b>Status:</b> Defect fixed; the code was modified to improve the performance of the application.</p> <p><b>Expected Outcome:</b> CMO users will be able save and submit treatment plans.</p>
Ticket ID 190398/ALM 34251	<p><b>Reported Issue:</b> CMO users reported that they are not able to submit their treatment plans. The page freezes and logs user out while they are trying to submit treatment plan. This issue has been happening due to performance of the application and affects all CMO users.</p>

Ticket ID/ALM	Description
	<p><b>Status:</b> Defect fixed; the code was modified to improve the performance of the application.</p> <p><b>Expected Outcome:</b> CMO users will be able to submit treatment plans.</p>
Ticket ID 190933/ALM 34355	<p><b>Reported Issue:</b> CMO users reported that they are not able to submit their treatment plans. The Submit button is greyed out. This issue has been happening due to performance of the application and affects all CMO users.</p> <p><b>Status:</b> Defect fixed; the code was modified to address the issues in CMO treatment plans.</p> <p><b>Expected Outcome:</b> CMO users will be able to submit treatment plans.</p>

## 7 Change Log

Version Number	Item(s) Changed	Description of Change	Requested By	Date of Change
V1.0		Submitted to CSOC for sign off		05/03/2024
V1.1		Updated release with additional items. Updated Defect Fixes section.	CSA	05/07/2024
V1.2	Section 5	Statement added about ACT Services.	CSOC	05/13/2024
